

Gothenburg is a "small big city." Most everything is in convenient walking distance from the famous Kungsporsavenyn (The King's Portal Avenue). The area offers a large selection for food and drink, both day and night. For example, Linnegatan, Haga, and Kronhusbodarna – don't miss them!

- **Lounge** (Kungsporns avenyn 5)

Lounge is the biggest secret on Avenyn (The Avenue). There is no neon or big sign. Only a discrete text above the door and the windows. Cushy sofa, simple decoration, and discrete colors creates a nice ambiance. Champagne and cocktails is the thing to drink here.
